SOVIETS END EAST GERMAN CUP DOMINATION

Toulon, France, Oct. 11-12—Following four successive East German triumphs, the Soviet Union captured the Lugano Cup, emblematic of world dominance in race walking. Led by Karl-Heinz Stadtmuller, East Germany was 7 points in the lead following the first day's 20 Km. However, things took a dramatic change in Sunday's 50 Km. First, Mathias Kroel of East Germany was disqualified after 25 km while in seventh. Then young Olaf Pilarski, walking fifth, hit the wall at 35 km and was all the way back to 12th after another 5. With the Soviets occupying three of the first five spots it seemed to be all over. Then, just as quickly, Benjamin Soldatenko, just behind teammate Yevgeniy Lyungin in second, was tossed by the judges after 40 Km. With the fourth USSR man apparently having dropped out already, the Soviets were down to two men and East Germany's Ralf Knutter had moved up the second half of the race and was now second. The Cup was practically back in the hands of East Germany.

Then at 45 Km, with Knutter less than a minute back of Lyungin and 5 minutes clear of third place, he too was requested to remove the bod from the course by virtue of his unacceptable mode of progression and the ball game was all over. In the most competitive meet ever, the USSR finished 10 points ahead with West Germany and Great Britain only three points back of East Germany and Italy just another 2 points back.

The races, unfortunately, were a near disaster for our own heros. Things were off to a bad start when Wayne Glusker got caught on the can and missed the start of the 20 by a minute and a half. Then Jerry Brown and John Knifton both got the heave-ho, and I am not sure at what point or what their place was at the time. Bob Kitchen walked at his best, but his 1:34:15 was good for only 26th in a highly competitive race. Glusker walked very well off his handicap and finished ahead of two people in a highly respectable 1:38:07. Nonetheless, we had only 8 points, 20 behind the next to last team. Three years ago, we had been lying third just three points back of the Soviets.

The 50 was a little better a little better for us, as we at least finished a team. Augie Hirt just missed his personal best and got 21st in 4:31:19. Tom Khatt, gave it a good try but were in over their heads. At 25 Km they were both at personal record pace but occupied the last two places, which was where they stayed as they struggled the last half. Ray Somers went out a bit too fast and passed 25 km in 2:08, 4 minutes ahead of Hirt. He folded after that and dropped out at 30 km. (Although he was not listed as a finisher, I am told he did get back in and finish the distance.)

In the 20 Km, a pack of some 13 hopefuls went through the first 5 km in 21:55. At this point, Stadtmuller was bidding his time some 12 seconds back accompanied by Bernd Kannenberg and Otto Bartsch, more noted as a 50 km specialist. 22:07 must be like a Sunday stroll to a man who has done 19:26, and Stadtmuller accelerated to 21:35 for his next 5, taking Kannenberg and Bartsch with him as they joined the leading pack, which still numbered 12 as they went through 10 km in 43:42.

FIRST CLASS MAIL

The hot pace continued through the next 5 and at 15, Stadtmuller, Kannenberg, and Peter Frenkel were together in 1:05:25. However, they were far from clear of the field. Olly Flynn was just 5 seconds back, Bartsch, Vittorio Visini, and Brian Adams another 3 seconds behind and a Soviet trio only 5 seconds back of them. Hans-Georg Reimann was surprisingly dropping off the pace, 4 seconds behind the Soviets.

Stadtmuller used his amazing speed to good advantage over the last 5 as he blistered it in 20:46.8. Only the strength of Kannenberg could live with this and he succumbed by 8 seconds. Frenkel was better than a half-minute back of him at the finish and everyone else was left well over a minute back of the fleeing Stadtmuller. The biggest surprise was Adams in sixth in by far his best time as he easily outkicked his countryman Flynn, who has beaten him consistently. The British made a strong showing overall and were in third after the first day.

The next day's 50 seemed to indicate the effect that its elimination from the Montreal program is having. After the extremely high standard in the 20, which featured several men who might have been expected to go at 50 (particularly Kannenberg, Bartsch, and Visini), the 50 was rather disappointing from the standpoint of times as well as close competition. Lyungin and Sodatenko were able to break away rather early and remained unchallenged until Knutter made his fateful move. Lyungin was then left 6 minutes ahead at the finish in a good, but not sensational, 4:03:41. In retrospect, it would have been interesting to have seen Larry Young in this race. As things worked out in Mexico, it would have been better for him.

SIMU, SWEDES WIN EASILY: U.S. WOMEN HAVE BAD DAY TOO

Toulon, France, Oct. 11--In the women's International 5 Km accompanying the Lugano Cup competition, Sweden's Margareta Simu won by nearly a minute in a startling 23:40.6 (on the road). With the first three places and five of the first eight, Sweden was an easy team winner. Defending titlist, Sue Brodock, could manage only fifth this time and with two disqualifications, the U.S. women, second last year, were sixth this time around. Results of the competition:

YANKS DO BETTER IN RELAY

In the Airola-Chiasso Road Relay held in Switzerland on Oct. 19, a U.S. team of Augie Hirt, Jerry Brown, Paul Ide, Wayne Glusker, and Bob Kitchen finished second to the Italians.

On the opening 27 Km leg, Augie put us out front with a 2:17:57 some 12 seconds ahead of Luxembourg's great veteran, Charlie Sowa. The Italians were some 5 minutes back at this time as Guiseppi Fabbri was assessed a 3-minute penalty for a caution. (This 3-minute penalty for cautions was introduced this year and reportedly cleaned up the walking somewhat.) Jerry Brown held the lead on the second leg of 30 Km returning a 2:24:33. This was the second fast time for the leg as Domenico Carpentieri closed a little ground for the Italians with a 2:23:52. On the third leg of 14 Km, mostly uphill I believe, Paul Ide could not quite match the speed of his competitors. Angelo Di Chio of an Italian club blistered a 1:07:23. Paolo Grecuzzi had a 1:08:51 for Italy, second best time, and this put them well in front as Ide did 1:15:36, 13th best time for the leg. (There were 24 teams.)

On the fourth leg of 18 Km, Vecchio sewed up the race for the Italians with fast time of 1:28:?? (The results I have are a poor reproduction and quite hard to read.) Wayne Glusker held the US in second with third fast time of 1:32:39. The final 25 Km leg went to Armando Zambaldo, walking for the Zambaldo family (who finished 14th), in 1:55:52. Anchormen for the top two teams occupied the next two spots with Vittorio Visini in 1:56:59 and Bob Kitchen very close in an excellent 1:57:23. The Italians finished in 9:20:23, including their 3 minute penalty, and the US in 9:28:08. The next three spots were filled by Italian clubs in 9:31:05, 9:33:38, and 9:41:05.

MEXICANS WIN AS EXPECTED

Mexico City, Oct. 15--The Mexicans continued their great year of walking with a 1-2 finish in the Pan American 20 Km walk. This time it was Daniel Bautista and Domingo Colin easily beating Larry Young. What with the altitude advantage and the great form of the Mexicans this year, Larry

figured to have little chance in this one. (I, for one, would have much preferred to see him in France at either 20 or 50.) However, whatever chance he might have had was effectively taken by rowdy Mexican students who impeded the progress of both he and Todd Scully after the Mexican duo had passed. Apparently there was no crowd control at all and the walkers had to make their own way through the crowds. Besides this, both Larry and Todd were evidently deliberately held back and spat upon. The Games were conducted in a complete anti-American atmosphere and when politics is allowed to completely over as they did here, one wonders if we really need international sport. Some way things have to get back into the proper perspective. Anyway, the results:

1. Daniel Bautista, Mex. 1:33:05.8 (21:30, 45:23, 1:08:15) 2. Domingo Collins, Mex. 1:33:58 (same splits) 3. Larry Young, USA 1:37:53 (22:29, 47:29, 1:11:11) 4. Rafael Vega, Columbia 1:40:18 (22:40, 47:57, 1:12:13) 5. Todd Scully, US 1:41:16 (22:49, 47:57, 1:12:47) 6. Santiago Fonseca, Honduras 1:44:10 7. Marcel Jobin, Canada 1:45:40 8. Ernesto Alfaro, Col 1:50:32 9. Esteban Valle, Nicaragua 1:50:53 10. Adalberto Scorza, Arg. 1:52:09 11. Joan Solorzano, Nic. 1:59:50

HIRT WINS 100 KM; HUNTER 100 MILE

Columbia, Mo., Oct. 4-5--Columbia's annual track 100-mile extravaganza was combined this year with the NAAU Senior 100 Km championship. In the latter, Augie Hirt pushed hard for 50 miles to get Bill Walker's American record at that distance (he succeeded with 8:26:04, beating Bill's 8:37:37) and then strolled in for an easy win in 11:16:19. Augie took it easy the last 12 miles because he was "saving" himself for the Lugano 50 Km a week later. Dave Leuthold was second in the race in 11:57:37.

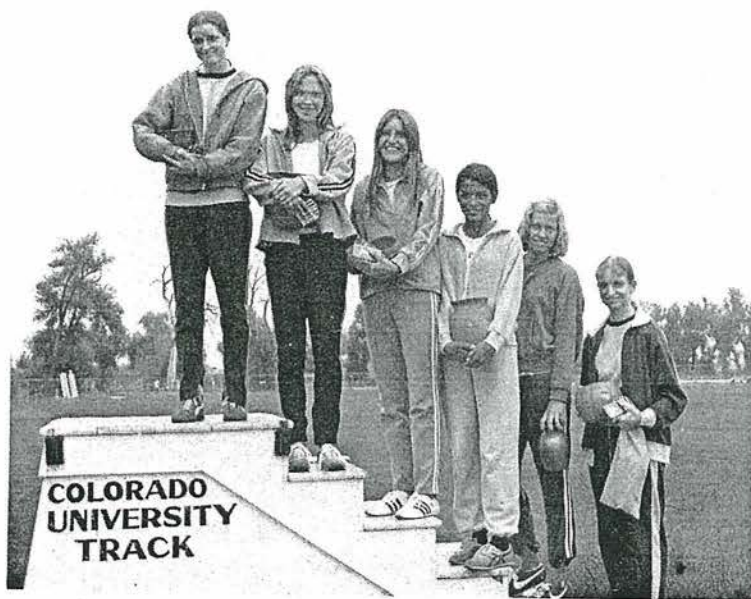

In the 100 miler, there were four finishers and Chuck Hunter made it for the third time in 20:26:29, 48 minutes under his previous best. Rob Spier, who had gone 88 and 83 miles in his last two tries, made it all the way this time to become US centurion #16. Leonard Bisen made it for the second year in a row in third and Bob Gragg became #17 in fourth place. He had done 80 miles last year. The king of US 100 milers, Larry O'Neil, had to call it a day at 51 miles this time.

Results of the 100 Km: 1. Augie Hirt 11:16:19 (1:38:46, 3:17:53, 5:00:04, 6:43:54, 8:26:04, 10:48:22--10 Mile splits) 2. FROM HEEL TO TOE

Have received no comment to date regarding my little treatise on judging two months ago. This means either (a) no one else understands the rules better, or (b) everyone else understands them and wonders what that idiot is blabbing about, or (c) no one really cares, or finally (d) no one reads the Ohio Race Walker....Bruce MacDonald reports that an attempt is still being made to work out plans for a meet with Canada. It might be either Nov. 16 or 17 in either Montreal or Toronto with a Men's 20 Km, Junior 10 Km, and Women's 5 Km. The meet was supposed to be in this country but no one could be found in the East to put it on and the Canadians could not afford the trip West. As usual, it will be a pay-your-own-way affair if it comes off....Bruce also asks for all women to submit their best 5 km track times for the year to him for the US entry in the International Postal Meet (Bruce MacDonald, 39 Fairview Avenue, Port Washington, NY 11050). The US finished second in last year's meet with Sue Brodock first individually in 24:16.2. Team results are based on total time for the first six and Sweden had a great 2:31:01.2 (25:10.2 average) in 1974. The US had 2:36:17.6 followed by England 2:36:47, France 2:43:07, West Germany 2:44:49, Norway 2:46:19, Finland 2:48:14, Denmark 2:50:03, Spain 2:59:45, and Austria 3:12:31. One wonders why the East Germans and Soviets with their strong emphasis on women's sport and their great traditions in race walking do not field any women's walkers....Finally, Bruce reports that their is some move afoot to start Western Hemisphere competition in walking with a 20 Km and maybe 35 km for men, 10 Km for Juniors and 5 km for women. About 6 countries have expressed an interest and the first competition

could be next August or September....The conflict in dates for the National 30 and 35, both set for November 2, was resolved, but apparently without communication. Columbia moved the 30 Km up to Oct. 26 and Pittsburgh the 35 back to Nov. 9. It's good they didn't both decide to move the same direction anyway.

LARRY YOUNG WINS THAT 30 KM

Columbia, Mo., Oct. 26—Larry Young easily won the NAAU Sr. 30 Km race walk today in a course record 2:25:26. With no competition after the first mile (when Jerry Brown dropped off suffering from a bit of tourists trots picked up in Europe) Larry moved through the 5 Km marks in 23:54, 47:31, 1:11:22, 1:35:34, and 1:59:55. Brown made it only to about 5 miles and Paul Ide wound up an isolated second as Augie Hirt, with a sore hip, dropped well back the second half. In the accompanying Master's race, Chris Amoroso, sixth overall, took the title from Leonard Busen. Temperature was in the low 40's at the start and mid 50's at the finish. All this comes from a quick phone call to Joe Duncan. I also asked Joe about Larry's reaction to the Mexico City experience and apparently reports from there were somewhat exaggerated. He was not actually touched at any time but the crowd did move in very close on the course and was constantly jeering, practically right in his ear, and certainly not helping his progress. The protest that was filed was largely at the request of the US cca ches, the primary purpose being to prevent the repeat of such behavior at the marathon. Apparently it fulfilled that purpose. The results of the 30:

1. Larry Young, Columbia TC 2:25:26 2. Paul Ide 2:38:10 (also CTC) 3. Augie Hirt, CTC 2:44:27 4. Dave Eidahl, Iowa 2:49:07 5. Jim Breitenbucher, CTC 2:49:13 6. Chris Amoroso, Colorado TC 2:56:27 7. Leonard Busen, CTC 2:59:12 8. Dave Leuthold, CTC 2:59:35 (3rd Master) 9. Bob Chapin 3:06:30 10. Chuck Hunter, Colorado TC 3:07:45 11. Rob Spier, CTC 3:12:44 12. John Evans, Houston, Tex. (age 55) 3:28:10—18 starters. Team Championship to Columbia Track Club, obviously.

LOOKING BACK

10 Years Ago (From the Oct. 1965 ORW)—Ron Laird walked away, the NAAU Sr. 15 Km in Atlantic City in 1:13:24.8. Well back in second and just ahead of Ron Daniel was your trusty editor...Laird also won the 25 in about 2:01, which was as much detail as we had at that point...Chris Hohne set a world 50 km record of 4:10:51.8 on the track in Potsdam. He also won the East German championship by 5½ minutes over Hans-Georg Reimann, which is the only time I know of Reimann trying that distance.... In separate 1 Hour races Henri Delerue of France went 8 mi 636 yards and Dieter Lidner of East Germany 8 mi 286 yards...As noted in last month's run down of Lugano results, East Germany started their string of triumphs as Dieter Lindner and Chris Hohne won the individual races

5 Years Ago (From the Oct. 1970 ORW)—This time East Germany won their third Lugano Trophy. Hans Georg-Reimann was too strong for Vla dimir Golubnichy in the final 5 km and won the 20 Km in 1:26:54.6. With 5 men still in it at 15 Km, Reimann spread them out by just maintaining the fast pace he had held throughout. Chris Hohne also walked even pace in the 50 and left Soldatenko better than 5 minutes back with a 4:04:35... Larry Walker won his first National title covering 7 mi 1611 yds in an hour at Walnut, Cal.. Ron Laird was left well over a lap behind and Bill Ranney beat John Kelly for third...Laird came back a week later to beat Ranney by 3 minutes in the 30 Km at Atlantic City in 2:37:17.4. They were followed by Ray Somers and Jerry Bocci....On Long Island, Steve Hayden negotiated a 1:36:31.6 for 20 km on the track...Larry O'Neil walked his third 100 miler in Columbia in 20:42:42. For the first time, there was a second finisher, Canada's John Argo...Ted Allsopp won the Australian 50 Km in 4:21:05 at age 43
